

ECO Environmental Equipment Rental Rates (07/2007)

ECO Environmental Pty Ltd
214 Lord Street
Perth WA 6000

P: 08 9328 2900
F: 08 9328 2677
E: eco@ecoenvironmental.com.au
W: www.ecoenvironmental.com.au

Please note the following strictly apply to all rental bookings:

1. ECO Standard Rental Terms & Conditions Apply to all equipment rentals.
2. A \$50.00 Booking Cancellation Fee / Change of Booking Fee applies to all rental orders.
3. Extensions to the rental period, without advance notice, will be calculated at the daily rate.
4. All Prices are exclusive of GST & delivery fees

	Water Quality Meters – Downhole	Day	1 week	2 week	3 week	4 week
HL2	Hydrolab Minisonde 5 (MS5) - Designed for 50mm monitoring wells - pH, Redox (ORP), Optical DO, EC, Sal, Temp, Depth (100m) - Optional Flow Cell available - User choice of 5m, 10m, 30m or 100m cable (on reel)	\$125	\$545	\$925	\$1099	\$1235
HL1	Hydrolab Minisonde 5 (MS5) – with Turbidity - Designed for 50mm monitoring wells - pH, Redox (ORP), Optical DO, EC, Sal, Temp & Turbidity - Depth (100m), Datalogging, GPS & Display. - User choice of 5m, 10m, 30m or 100m cable (on reel) - Internal battery pack for long term / remote deployment	\$160	\$715	\$1220	\$1499	\$1625
HLQG	Hydrolab Quanta-G (30m) - Designed for 50mm monitoring wells - pH, Redox (ORP), DO, EC, Sal, Temp - Includes Sample Circulator & 5 metre cable	\$115	\$530	\$899	\$1049	\$1199

	Water Quality Meters – Flow Cell & Open Water	Day	1 week	2 week	3 week	4 week
HLQ	Hydrolab Quanta - pH, Redox (ORP), DO, EC, Sal, Temp - Includes Flow Cell, Sample Circulator & 5 metre cable	\$95	\$430	\$740	\$899	\$980
HLQT	Hydrolab Quanta – with Turbidity - pH, Redox (ORP), DO, EC, Sal, Temp & Turbidity - Includes Flow Cell, Sample Circulator & 5 metre cable	\$125	\$545	\$925	\$1049	\$1235

	Single Parameter Instruments	Day	1 week	2 week	3 week	4 week
CS1	Eutech Cyberscan - pH & Temp only - Includes Spear Point pH Probe - Suitable for Acid Sulphate Soil Testing	\$65	\$235	\$299	\$349	\$399

	Low Flow Sampling Kits	Day	1 week	2 week	3 week	4 week
LFKIT	Geotech Low Flow Sampling Kit (60m) - Designed for 50mm or 25mm wells (specify) - Kit includes Geotech Bladder Pump, internal lightweight compressor, Hydrolab Quanta (turbidity optional), and Heron Draw Down Meter (100m)	\$349	\$1499	\$2599	\$3050	\$3490

** Requires additional tubing & replaceable bladders

** Contact ECO for additional information

Code	Groundwater Pumps	Day	1 week	2 week	3 week	4 week
MPP	Masterflex Peristaltic Pump (8m) - Includes internal 12v rechargeable battery	\$55	\$260	\$450	\$545	\$595
GPP	Geotech Peristaltic GeoPump (8m) - Includes external 12v rechargeable battery	\$55	\$260	\$450	\$545	\$595
MON	Stainless Steel Hurricane 12v Pump (45m) - Includes variable flow controller - Not suitable for well development or silty wells	\$99	\$430	\$740	\$899	\$985
WPP1	Waterra Powerpack (40m) - Petrol driven unit suitable for well development - Requires additional footvalves & tubing	\$109	\$475	\$815	\$945	\$1080

Code	Water Level Meters	Day	1 week	2 week	3 week	4 week
H22	Heron Little Dipper (22m) - Smaller, lightweight water level meter - Millimetre graduations - Includes carry bag	\$40	\$175	\$299	\$345	\$399
H100	Heron Water Level Meter (100m) - Millimetre graduations - Includes carry bag	\$40	\$175	\$299	\$345	\$399
SOL100	Solinst Water Level Meter (100m) - Millimetre graduations - Includes carry bag	\$40	\$175	\$299	\$345	\$399

Code	Oil / Water Interface Meters	Day	1 week	2 week	3 week	4 week
HIM100	Heron Interface Meter (100m) - Millimetre graduations - Includes carry bag	\$45	\$215	\$365	\$449	\$490

Code	Water Level Loggers / Level Transducers	Day	1 week	2 week	3 week	4 week
HDL10	Heron Dipper-Log Groundwater Logger (10m range) - Records groundwater level and temperature - 16000 data point memory - 19mm diameter OD - Connect to field laptop or Home PC (not supplied)	\$85	\$375	\$640	\$799	\$850
HBL	Heron Baro-Log (Barometric Pressure) - Records localised barometric pressure - Improves accuracy of Heron Dipper Log Data	\$45	\$199	\$340	\$415	\$450

Code	Hand Auger Kits	Day	1 week	2 week	3 week	4 week
DAKIT	Dormer Hand Auger Kit - Kit includes: Dormer Sand Auger (75mm), Soil Auger (75mm) Four Extensions (1m), T- Handle, Tommy Bars & Carry Bag	\$49	\$215	\$370	\$449	\$499
	Dormer Specialty Augers - Additional items for DAKIT / requires DAKIT					
DCA	- Dormer Clay auger (75mm x 1m)	\$15	\$30	\$50	\$60	\$65
DSA	- Dormer Spiral auger (50mm x 1m / full spiral)	\$15	\$30	\$50	\$60	\$65
DBP	- Dormer Bore Protector (1m) to prevent infilling	\$15	\$30	\$50	\$60	\$65
DSCS	- Dormer Stainless Steel Split Core Sampler (50mm x 350mm)	\$30	\$70	\$80	\$95	\$105
DSTS	- Dormer Slide Hammer with adapted T-Handle	\$15	\$30	\$50	\$60	\$65
DSD	- Dormer Star Drill (50mm)	\$15	\$30	\$50	\$60	\$65
DPS	- Dormer Piston Sampler (50mm x 1m)	\$70	\$290	\$345	\$445	\$499

Code	Gas Monitoring	Day	1 week	2 week	3 week	4 week
MRPID	MiniRae 2000 PID - Suitable for the detection of VOC's - Includes Datalogging & Software	\$79	\$320	\$550	\$685	\$730
MRISO	Calibration regulator & Isobutylene (100ppm) - Suitable MiniRae 2000 PID field calibrations	\$35	\$125	\$215	\$265	\$299
	VRae Multi Gas Monitor - Specific gas / multi-gas detectors					
VRAE1	- LEL/ppm, %Vol, O ₂ , H ₂ S, CO, SO ₂	\$99	\$435	\$745	\$885	\$990
VRAE2	- LEL/ppm, %Vol, O ₂ , NH ₃ , HCN, Cl ₂	\$99	\$435	\$745	\$885	\$990

Code	Dust Monitoring	Day	1 week	2 week	3 week	4 week
DT	Dustrak 8520 Aerosol Monitor - Includes PM10, PM2.5 and PM1.0 size fractions	\$95	\$405	\$699	\$899	\$930
DTEE	Dustrak Environmental Enclosure - Includes outdoor enclosure and tripod	\$49	\$215	\$369	\$450	\$490
SPE	Dustrak 8520 Solar Powered Enclosure - Includes solar panels & rechargeable batteries - Alarm allows for 6 x SMS & flashing light - Has reserve power for three days in inclement weather	\$75	\$299	\$579	\$615	\$669
HVAS	High Volume Air Samplers - Various models available					
HVTSP	- TSP Head	\$119	\$519	\$895	\$1099	\$1190
HVPM10	- PM10 Head	\$185	\$805	\$1385	\$1699	\$1850
HVPM25	- PM2.5 Head	\$285	\$905	\$1585	\$1895	\$2050

Code	Air Monitoring	Day	1 week	2 week	3 week	4 week
AB	AccuBalance Air Balancing Tool - Suitable for diffuse flow rate, point velocity, average velocity, pressure differential, temperature and humidity. (TSI8375)	\$199	\$450	\$599	\$699	\$799
VCP	VelociCalc Plus Multi-Parameter Ventilation Meter - Suitable for velocity, temperature, differential pressure, humidity, volumetric flow rate, dew point, wet bulb temperature and heat flow. (TSI8386)	\$179	\$399	\$545	\$689	\$769
VCRV	VelociCalc Rotating Vane Anemometer - Includes 100mm diameter head, sampling and statistic functions and variable time constant modes for steady display when measuring fluctuating flow. (TSI8324)	\$134	\$209	\$445	\$565	\$669
SP730	SidePak Personal Sampling Pump - Intrinsically safe and ideal for the sampling of aerosols, gases and vapours in hazardous environments. - Features precision volumetric flow control, continuous measurement and logging of volumetric flow rate for accurate sample volume information.	\$99	\$435	\$745	\$899	\$990

Code	Sound Level Meters	Day	1 week	2 week	3 week	4 week
B&K	B&K Sound Level Meter - Measures average sound pressure whilst simultaneously measuring instantaneous, maximum and peak pressure levels. - LA, LAeq, LAMax., LCpeak are measured simultaneously	\$125	\$499	\$949	\$1599	\$1799

Code	Navigational	Day	1 week	2 week	3 week	4 week
GPS	Garmin Extrex GPS - 15m accuracy	\$10	\$29	\$55	\$75	\$85

Code	Sediment Samplers / Water Column Samplers	Day	1 week	2 week	3 week	4 week
PPS	Petite Ponar Sampler (20m) - 8.2ltr volume / capacity - 316 Stainless steel construction	\$99	\$345	\$595	\$695	\$790
VDS	Van Dorn Water Sampler (20m) - 1 litre holding capacity - Not suitable for chemical sampling	\$50	\$219	\$375	\$485	\$499
FP201	Telescopic Flow Probe (4.5m) - Measures flows between 0.1 and 8m per second	\$99	\$345	\$590	\$695	\$790
SD	Field Master Sampling Kit - Includes Secchi Disk (20m), glass thermometer, Fieldmaster Plankton Net (153micron) with sample bottle	\$49	\$215	\$370	\$449	\$499
